Quiet Valley Residents Petition Board for Aid

Measures to correct unsightly conditions in the Quiet Valley subdivision, including removal of several derelict autos, were urged in a petition signed by 95 residents and submitted to the Pontoon Beach village board last week.

Remedial steps to help concerned homeowners were promised by village trustees when the petition was presented by Edward Camp, 6 Lily court. In their petition, the residents expressed concern about the number of derelict cars located in the residential area, which lies east of Highway 111 and within Pontoon Beach village boundaries. Those signing the document also objected to "trash blowing into neighbor's yards" from uncovered garbage containers and other complaints. The petitioners asked the board's assistance in urging John Sobel, the subdivision developer, to improve a proposed street, leading from the homes

to Highway 111. It was noted only one exit currently is available to persons residing in the subdivision.

Membership in the Southwest Illinois Metropolitan Area Planning Commission has been approved by the trustees. Mayor Thomas Staicoff explained that in conjunction with the SIMAPC staff, officials will prepare a series of zoning regulations. A \$10,500 expenditure in motor fuel tax funds was authorized for road repairs and maintenance. Due to a change in MFT regulations, the board can apply its fuel tax allocation to all village streets, Staicoff said. Staicoff said plans include resurfacing "every road within the village limits, with the oil and chip project hopefully to get started in May." Approval from the state on use of the funds is necessary before a precise schedule of roadwork can be announced.

Grigsby 8th, 9th Grade Track Teams Win Triangulars

Grigsby's ninth graders won a triangular track meet at North of Collinsville Thursday. Team points totals: Grigsby 72, Edwardsville 37½ and Webster 38½.

Gator eighth graders also won with 58 points; Edwardsville had 48½ and Webster 23½. Edwardsville topped the seventh grade competition with 83. Grigsby was second with 47 and Webster had eight points. Rusty Melford led the ninth grade victory placing first in the 100-yard dash (10.9), 120-yard five hurdles (15.4) and discus (18 feet).

Other standout Gator wins were: 220-yard dash, Greg Becker 25.3; 120-yard ten hurdles, Rich Schooley 18.7; half-mile run, Clay Winfield 2:16; and pole vault, Dave Macios 9-6.

Coach Pete Robinson was happy with the general performance of the team, especially considering the small amount of outdoor practice the team has had due to the weather. The eighth graders' winning cause was aided by sweeping the weight events. Rich Bohnenstiel led the shot putters and Fred Trokey was the best at sailing the discus.

Phil Schands, a recent transfer student from Prather, won the 880-yard for the Gators in 2:28.

MHS Delays Shell Win Until Last Track Event

Roxana's Shells, the defending Midwestern Conference track champions, had their blood pressure raised by the Trojans Thursday at Roxana. After all events but the long jump were completed the score stood tied, 58-58. The Shells then placed first and second in the running long jump to win the dual meet, 67-68.

The meet had been slated to be a triangular including Columbia but, the Columbians elected to compete instead in a dual meet at Sparta.

Tomorrow, MHS will be at Collinsville for a 3 p.m. starting gun.

Madison Coach Charles Steppe recalls, "We've been massacred at Collinsville the last few years. This time we will probably measure up stronger to the running events."

"We should be able to keep the score closer than before if our relay squads keep clicking. And, of course, I hope we can win."

Home Meet Thursday
On Thursday, the Trojans will be home for the first time. The Midwestern loop Bulldogs of Highland will be here at 4 p.m.

Probably lacking depth, the Bulldogs will be trying to take a team victory by their outstanding group of juniors collecting "first places only" in many events.

Some of Highland's juniors, with their best shots as sophomores: Goye Michael, 440-yard dash 52.3; Steve Luber, mile 4:45; Michael 220-yard dash 22.9 and Jerry Ripporda, two-mile 10:47.3. Senior Alan Ramach last year clocked a 2:03 half-mile.

Madison made the meet at Roxana a close decision by heavily dominating the running events. The unbalanced Trojan team, weak in field events, earned a 53-29 edge in the track events.

Move Close to Record
The 880 relay squad, which in the season-opening meet with Mascoutah was eight-tenths of a second off the MHS record time, at Roxana cut the gap to four-tenths of a second off the record.

Ed Chandler, Don Turner, Larry Mosby and anchorman George Tyus relayed the 880 for first place in 1:34.3. The school record, standing since 1936, is 1:33.9.

Mile relay men Vann Ford, Mosby, Dennis Hampton and Tecumseh Holmes took first with a 3:39.4, showing a four-second improvement over their previous outing.

Tyus and Chandler are not yet up to expectations in the 100-yard dash. Tyus was first in 10.6 seconds and Chandler second in 10.7.

In the 220-yard dash, Tyus and Chandler showed last season's form. Tyus tied Chandler's straightaway school record of

22.7 for first. Sophomore Chandler was several steps off the pace, finishing in 22.8 for second place.

Henry Dobbins, in his first season as a two-miler, misplaced himself and kicked for his finishing sprint too late. He was second in 11:22.9 to Roxana's 11:21.1. The previous week, Dobbins had clocked an 11:16.

Miler Improving
Madison's only definite weaknesses in running events are the half-mile and mile runs. Hope for competitiveness in the mile were sparked by freshmen Kevin Jackson, who is rapidly improving and ran a 5:24.8 third place.

Other Trojans placed: 440-yard dash — Holmes 1st 54.2, Hampton 2nd 55.6. High hurdles — Ford 1st 18.1. Low hurdles — Ford 1st 22.2. Joe Willie Jenkins 3rd 23.0. Shot put — Henry Rhoades 2nd 41-10; Roxana's 41-10. Discus — won by Roxana's Stanton 196-5, Rhoades 2nd 196-0. Long jump — Jenkins 3rd 19-6.

Added to the Trojan schedule is the Mineral Area meet at 12:30 p.m. April 11 at East St. Louis. The April 25 Centralia Olympians relay meet has been changed from April 17 to May 8.

On the freshman schedule, an April 11 relay-out meet with Clark County High of East St. Louis is rescheduled for April 17 and the visit to the Hughes-Quinn of East St. Louis invitational has been changed from April 17 to May 8.

Grigsby Wins 6-1 With 14 Strikeouts
Grigsby's baseballers were due to begin their season this Wednesday but the opening foe, Cahokia, asked to change it to last Friday. Coach Jack Parker accepted the change and his Gators behind Randy Sturdevant's one-hit hurling gained a 6-1 victory at Cahokia.

On Thursday, Grigsby will visit North of Collinsville. Sturdevant struck out 14 and walked three Cahokians.

The Gators, with six hits, scored four times in the first, and one run in each of the fifth and seventh frames. Dick Lynch hit two singles for two RBIs, and John Haug and Sturdevant each delivered an RBI single. Tim Spiker and John Ireland got the other hits.

Dudley Picked as Next Cage Coach at SIU-SW
Jimmie Edward Dudley, head basketball coach at Lake Land College at Mattoon, Ill., for the past three years, has been named head basketball coach at the Southwestern campus of Southern Illinois University, replacing Harry Gallatin.

Gallatin will devote full time to his position as head of intercollegiate athletics and assistant dean of students at SIU-SW. The appointment of Dudley is subject to the approval of the SIU board of trustees.

Dudley, 34, led his Lake Land junior college teams to a 65-22 record over the last three seasons. His 1968-69 team received a berth in the four-team Region IV junior college tournament.

Also included among his accomplishments at Lake Land was the development of Rex Morgan, who helped Jacksonville (Fla.) University to a second-place finish in the NCAA university division tournament.

Besides coaching at Lake Land, Dudley served as assistant at Eastern Illinois University for one year while studying for his master degree in education. He also coached at three

northern Illinois high schools for eight years - Riverdale (1958-61), Riverside-Brookfield (1961-64) and Lake Park (1964-66).

Dudley is a native of Farmington, Ill., where he lettered three years in basketball, four years in baseball and two years in football in high school.

Briggs Sets School Record During Relays

Gene Briggs set a new GCHS two-mile run record, placing a non-rubber-winning sixth while his team finished 12th among the two dozen schools at the Alton relays Saturday.

The Alton relays are the first multiple-school outdoor tournament of the season and the Warriors did not place as well as hoped. Several GCHS performances were less than what was achieved during the winter-spring indoor season.

GCHS won the 480-yard hurdle shuttle relay but the win was nullified because of a moving start.

East St. Louis and Cahokia will be at the GCHS stadium tomorrow at 4 p.m. for a triangular meet. At noon Saturday, GCHS will enter the Mineral Area meet at East St. Louis.

At Alton, junior Briggs knocked 12 seconds off the school's double-mile record. He ran the distance in 10:08. Dan Burris had run a 10:12.6 last week.

Mike Allen placed third in the 120-yard high hurdles.

This board is composed of the chairman of the Welfare Services Committee, Sol Mack, and two other members who are appointed by the County Board of Supervisors—Arthur Brandmeier of New Douglas and Paul Reibold of Troy.

Funkhouser is filling the vacancy created by the resignation of Robert Gwin.

Funkhouser and his wife are residents of Collinsville. He is a graduate of Southern Illinois University and received his master degree in social work from the George Warren Brown School of Social Work, Washington University.

He has worked for the Department of Public Aid as a caseworker in Chicago, where he carried a specialized caseload of problem cases. He then transferred to the Belleville regional office, where he was a family welfare consultant. In this capacity, he consulted with the staff on difficult cases and assisted in orientation and teaching of staff members throughout the region.

He was next promoted to field agent, with responsibility for carrying out duties related to vacancies in the region, with the exception of district representative and regional director.

As field agent, he performed Gwin's duties while Gwin was on educational leave and since his resignation.

The duties were performed under the supervision and direction of Miss Elizabeth Venardos, district representative. Miss Venardos continues to be the district representative and has supervisory functions and administrative duties in relationship to Madison county.

DISCIPLINE HAS LED TO FINE PUPILS, CITIZENS

To the Editor:

I join in commenting on the Granite City high school band and their fine performances. However, it should be brought out that they could not be as good as they are without discipline.

In no classroom is discipline and direction more exacting than in the music room. The horns, the flutes, the drums—each and every instrument must come in at the precise moment at the command of the conductor and band leader.

Mr. Meek excites discipline in more than notes from his students and is to be commended for his "old fashioned" form of discipline. I have never seen untidy, unruly, smart-aleck youngsters on Tag Day in their attractive uniforms.

Discipline, however, does not start or end in the band room. It is needed in every phase of life or we revert to barbarism.

I am now referring to the apparent dislike of some of our "leading citizens" for the dress code at our schools.

The dress code is not unreasonable and is provided for decency and attractiveness. The fashion industry has imposed its form of discipline on us whether we want to acknowledge it or not.

I wonder if Dr. Freedman is not a product of our community but has certainly reaped benefits from our law-abiding good citizens and who was brought here by a person who was the product of our humble, modest community—would consider operating on his patients in his pajamas or going to his office in his shorts or permitting his employees to appear in their bras and slips?

Ridiculous? No more than permitting our young people to wear whatever they choose irrespective of their appearance.

I wonder if he would be upset to find that a child in his room had not been made ready for his delivery of a baby because the personnel didn't feel like it, or if the doctor would let the blood test on a very ill patient because they couldn't be bothered, or his patients arrived at his office without being noticed struck them, or paid their bills just any old time?

All these are forms of discipline needed in a civilized community.

Driving on the right side of the road, obeying traffic laws, arriving on time for school, church, work, and social activities—these and many more are forms of discipline.

Allow the dress code to be eliminated and you will invite the "hippie" type, from which we have been spared, thanks to the dress code.

Then you invite drugs; then you have an unbecoming mess brought about, not by students, but by parents who are imposing their "freedom of expression" on their children. Instead, should be guided to become good people.

The children want discipline—want to know that somebody cares how they look and act. They don't want underground newspapers.

He wouldn't allow students to eat like uncivilized people, why allow them to dress in an uncivilized, practically immoral manner?

We have fine administrators. We have a fine school board elected by us to do a good job. Up to now we have fine teachers, many of whom are graduates of our fine high school. We attract more fine teachers because we do have discipline and obeyed dress code.

Those parents who object to the dress code who don't approve of our school, can always take their children to another high school.

But they should leave Granite City alone to continue to give the children and community fine doctors, lawyers, businessmen, and so on.

Our editor, our housewives and even a general at the White House have come out of our schools, thanks to their high moral and disciplinary standards.

I wonder what Dr. Freedman thinks of the discipline displayed in Israel? The little brave nation has much to be proud of, but they could never have accomplished so much in so little time had there not been exercised strict discipline from infancy to the elders.

This reaction on my part is not personal. He certainly doesn't know me, but my country and my town are my pride, most cherished possession, and I resent anyone who may

try to destroy what either stands for.

It is getting near school election time. Let's all be mindful of our candidates' platforms and become better informed than the flimsy newspaper.

RULES ESSENTIAL IN SOCIETY AND SCHOOLS

To the Editor:

The article appearing in the March 26 issue of the Press-Record, "Methods Used in Governing GCHS Pupils Assailed," stating Dr. Freedman's allegations that "in our senior high school, the system is failing our young people has surprised me as an interested parent.

It seems our school board could use a pat on the back most of the time with some of the problems they are facing, rather than a brickbat.

It is a known fact in this area that Granite City has one of the finest high school systems found anywhere.

True, the students at times have legitimate complaints and the schools make mistakes. But never before has there been so much counseling and opportunity given students to express their opinions and ideas.

It is evident how all of hand it has gotten with the protesting and demonstrating of our college campuses.

The young people should be grateful to live and be educated in America even with all her faults, and try to find reasonable solutions to any of our problems.

Some of these students he spoke of are nothing but troublemakers in his pajamas or going to his office in his shorts or permitting his employees to appear in their bras and slips?

Ridiculous? No more than permitting our young people to wear whatever they choose irrespective of their appearance.

I wonder if he would be upset to find that a child in his room had not been made ready for his delivery of a baby because the personnel didn't feel like it, or if the doctor would let the blood test on a very ill patient because they couldn't be bothered, or his patients arrived at his office without being noticed struck them, or paid their bills just any old time?

The former Miss Holten, a licensed practical nurse, graduated from the F. W. Olm School of Practical Nursing in Alton and is employed in the intensive care unit at St. Elizabeth Hospital. Mr. Huckins, a carpenter by trade, served three years in the U. S. Air Force.

Miss Mitchell, Carl Dill Exchange Wedding Vows

The wedding of Miss Evelyn Mitchell, a daughter of Mr. and Mrs. Joseph Mitchell, 2114 Adams street, and Carl DeWayne Dill, whose parents are Mr. and Mrs. Carl Dill of Princeton, Ind., took place Saturday evening at Mt. Zion General Baptist Church.

The Rev. Wayne Miskelly officiated at the 7:30 ceremony which was followed by a reception in the Fellowship Hall of the church.

Music for the wedding was provided by Jerry Malone, organist, and Larry Ellidge, soloist.

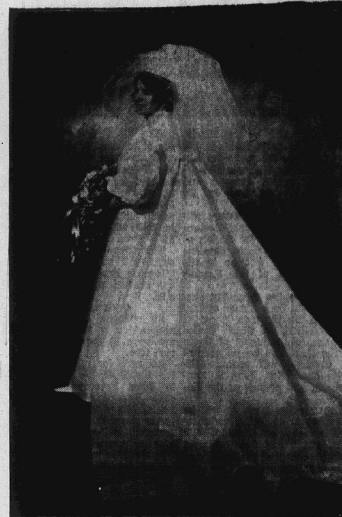

For her wedding the bride chose a classic styled imported Chantilly lace and organza gown. The Empire bodice, made entirely of lace, had a high fitted neckline trimmed with narrow lace. An A-line skirt had a double border of scalloped lace edging and a detachable cathedral train fell from the shoulders. It had a double border of matching lace.

A Capelot headpiece held in place a melody-length veil of imported illusion, and the bride carried a cascade arrangement of yellow roses and stephanotis. Miss Linda Penrod was maid of honor, and Miss Janice Swafford of Oakland City, Ind., served as bridesmaids. The attendants were dressed alike in turquoise gowns with Empire bodices and green and turquoise floral trim. Headpieces were flat bows of the fabric which held in place shoulder-length veils. They carried nosegays of carnations and daisies.

Named Superintendent

A former Granite Cityan, Harold J. Landwehrmeyer of St. Louis, has been named superintendent of the O'Fallon grade school district.

CADETTES PLAN TRIP
 Cadette Girl Scout Troop 114 met at Louis Baer school Thursday with the leader, Mrs. Mae Henningson.
 A party was planned for one of the members, Nancy Maxwell, who is leaving the troop; her family is moving out of town.

Mrs. Hendrickson has arranged to escort her troop to Farmington, Mo., which is a special event for all Cadettes. The troop will leave May 1 and return May 3.
 Present were Christi Skelly, patrol leader; Ruth Ann Fanning, assistant patrol leader; Earl Thompson, 27, East St. Louis, also were wounded slightly but did not require hospitalization. Tyrone Walker and Thompson were booked by Alton police on charges of disorderly conduct and were released on bond pending a magistrate hearing.

Officers said no charge was filed against James Walker, who left the scene of the fight and drove himself to the hospital here where he sought treatment. He was treated for multiple small holes in both legs and hands and was admitted.
 Alton authorities said the fight apparently developed when the trio became involved in an argument with a group of blacks at a tavern over a shooting that occurred in Alton about a year ago.

ABOUT THIS QUESTION:

The fire that gutted my building is costing me \$100 per month in lost rentals. I need these rents to make the mortgage payments — it looks now like I'll lose the building. Could I have had Rent Insurance to pay these rents while my tenants are forced out?

Ronald Sherman, custodian of Pack 96, sponsored by the PTA at Maryville school, has been reached for over-the-road truck drivers. The St. Louis strike has killed about 10,000 truck drivers of freight firms and terminal points and threatened operations of many businesses dependent upon the trucking industry.

Federal Highway has been asked today to look into the stopping of trucks on highways in contact with the local 600 strike. One such incident was reported in Madison this morning.

An unidentified witness stood at police headquarters and reported that he had seen four men in an auto overtake a truck on Highway 162 near Madison avenue and "pull the driver out of the cab." Police found nothing in the area, however.

Mediation in the negotiations between the 15 Illinois locals and construction contractors was requested in an effort to reach a settlement on a new contract to replace that which expired last Wednesday night.

Negotiations have been under way several months.

William Doty, secretary-treasurer of Teamsters and Chauffeurs Local 325 and a member of the negotiation committee of the Illinois Council, said he believes it is unlikely the council will have to make use of the results of a strike vote taken by the 15 locals.

Mediator to Aid Contract Talks For Teamsters

A U. S. federal mediator will be requested to sit in on dead-end contract negotiations between Illinois Teamsters Local Council 65 involving 15 Illinois Teamsters locals and construction contractors.

He suggested that members of the audience visit the North county technical school in St. Louis county, and predicted that they would be impressed.

The candidate said some retarded children whose problems are not severe enough to permit them to enter state schools are not being accepted by local schools. "This is a crying shame, a tremendous black mark on our community," he commented.

Dressel suggested employing a school district library coordinator. He proposed a conflict of interest clause in the school purchasing policy and a public relations employee who would explain school procedures and solve minor problems before they become serious.

Climate for Creative Study

Carich stressed a need for a "creative climate" in which there are rules and democracy. In setting guidelines for students, there should be "understanding, communication and respect for each other," he said.

He suggested more communication with organizations and parents to aid the schools in making decisions.

He traced changes in education from previous emphasis on details of "what happened in the past" to equipping students to "prepare for change and the unknown future."

Carich said, "One of the principal concerns of education is preparing students for citizenship," and asserted that social studies should develop "problem-solving people" who understand themselves and others.

He said that changes in curriculum and vocational instruction, with more specialists in particular fields, would be needed.

Carich concluded that the schools should not merely consider proposals but implement "ideas that work." He commented that "action is the key word."

New Classes Scheduled This Spring at YMCA

Tennis anyone? Or, how about golf, fencing, guitar-playing, swimming, scuba diving and ballroom dancing? Instruction in all these activities will be available this month at the Tri-Cities Area YMCA.

Skin and scuba classes started last week, with two separate evening sessions under the supervision of Jack Atkinson, a qualified diving instructor. Men and women, 16 years and over, interested in acquiring scuba diving skills are invited to call the "Y," at 876-7200, for details on course openings and schedules.

Also for adults, a ten-week series of ballroom dancing classes starts this evening at the YMCA, with beginning pupils reporting at eight o'clock and intermediate class members at 9 p.m. Miss Kay Jones, a certified dance instructor, will direct the program.

Aspiring guitarists, with a basic knowledge of the instrument, may receive advanced instruction from Ronald Ireland, who has done professional guitar work with several orchestras, during a weekly program of instruction starting Tuesday, April 14.

Membership in the advanced guitar class will be limited to ten people. Forrest L. Cockrell,

"Y" program director announced.

Also scheduled to get under way at 8 p.m. Tuesday, April 14, is a class for golfers, with Ferdie Valdez serving as instructor. The golf program will last for six weeks, it was announced.

Tennis classes will begin Saturday at the YMCA, with a second course set to start on Thursday, April 16, Cockrell advised. Instructors will be Frank Salazar and Linda Malott. Adult wishing to learn the art of fencing are invited to join an elite group meeting on Thursday evening, beginning April 16, when Joanne Higgins will provide individual instruction to those interested in the sport.

Men, women and pre-school-age children may take part in a pre-summer series of instruction swim classes, to be taught at the "Y" pool, the program director said.

Men swim students will meet at 7 p.m. each Tuesday, beginning April 14, with women class later on the same evening.

A class for pre-school youngsters will begin Wednesday, April 22, with Angela Shilt and Cockrell sharing the instruction chores.

Cockrell emphasized that the youngsters enrolled in the preschool swimming program must be accompanied by their mothers, who will be required to attend the session and assist the instructors.

The pre-schoolers will learn basic swimming techniques on Wednesdays and Fridays over a six-week period.

Ongoing classes now open to new members are judo on Monday nights, women's "Slim and Trim" on Tuesday and Thursday, and a men's fitness exercise class with participants instructed in the use of weights, Cockrell said.

Registration for any of the 12 new classes will be accepted at the YMCA, or additional information may be obtained by calling the "Y," at 876-7200.

Home Improvement Questions Planned

Questions on consumer buying and home improvement expectations will be asked by representatives of the Bureau of the Census in this area during a series of interviews on April 14, 15 and 16, said Theodore F. Olson, director of the Bureau's regional office in Chicago.

The questions are asked four times yearly as part of a nationwide effort to collect information as a guide to federal agencies and other groups in developing programs based on consumer spending patterns. A sample of residents in this area will be asked if they expect to buy a house, car, or major appliance during the next year and if they have made recent purchases of these items. Homeowners will be asked about home improvements and repairs during the last three months and any planned for the future.

The most recent survey, taken in January, indicated that consumer expectations to buy houses remained depressed, and that expectations to buy major appliances were below the level of a year ago. At the same time, the survey uncovered signs of strength in anticipated purchases of new cars and home improvements.

All answers are kept confidential by law, and information obtained will be published only as statistical totals.

The Census Bureau representative in this area is Mrs. Mary Lou F. Gallagher.

\$55,000 Suit Filed Over Industry Project

A suit seeking a total of \$55,000 was filed Thursday for Pontoon Plaza Development Co. against Markuly Plumbing & Heating Inc. and Peter and Peggy Markuly, doing business as State Industrial Sheet Metal Co. Madison county circuit court at Edwardsville.

The complaint charges a breach of contract by the defendants in connection with construction of buildings at the Maersk industrial park in Madison.

Pontoon Plaza had contracted with the city of Madison to construct the buildings and had let subcontracts to the defendants for labor, services and materials.

The plaintiff firm is asking for \$30,000 as it had to enter into a contract with another firm at a higher cost to complete the project, it was charged.

Pontoon Plaza asks for another \$25,000, claiming it had paid the defendants for the work performed up to date, but the Markuly firms had not paid those furnishing services and labor.

As a result, liens have been filed on the property, and Pontoon Plaza will not receive money due from the city of Madison under the contractual price due to the default of the defendant, the complaint concludes.

GCNS Faculty Play 'Barefoot in the Park'

Granite City high school faculty will present the faculty production of Neil Simon's "Barefoot in the Park" in the high school auditorium at 8 p.m. on Thursday and Friday. Admission for the Broadway hit comedy is 75 cents. Tickets, to be sold in advance and at the door, will be reserved.

"Barefoot in the Park" is directed by F. Gordon Mueller. The "all-faculty" cast includes: Mr. and Mrs. Ronald Penell, Miss Helen Kuentler, Richard King and William Sellenbach. "Barefoot in the Park" relates the hilarious problems of newlyweds Corie and Paul Bratter, who move into a fifth-floor apartment in New York City. Corie (lovely, young and full of hope for the future) treats life as though it were a game. Paul, a promising young lawyer, is a bit of a "stuffed shirt." Their contrasting views of life soon put their marriage to the test. Corie complicates matters for everyone by playing cupid for her mother, Ethel Banks, and Victor Velasco, a flamboyant bachelor neighbor.

U.S. Census Form Mailing is Urged

The district office for the current 1970 U.S. Census is tallying every form that should have been returned on April 1, and District Manager Ray B. O'Neill is urging Quad-Citizens who have not yet filled out the form to complete it and "Mail it today."

"Every person must be counted in this 1970 Census of Population and Housing, whether by mail or by personal visit," O'Neill said. "The cost of the census goes up with each household that must be visited."

"The success of the census depends on the cooperation of every household and every individual in filling out and returning the questionnaire. Helped examples on how to mark answers to the questions are given on the yellow instruction sheet furnished with the form. The brown mail-back envelope that came with your census form does not require a stamp," the district manager added.

Three Area Couples Given Divorce Decrees

Three area couples have been divorced in Madison county circuit court. Granted decrees were:

Claudia Ann Ball from Willie Ball, both of Madison. They were married Feb. 9, 1962, in Meridian, Miss., and separated May 25, 1969. Mental cruelty was charged. Custody of three children was given to the mother, and the father was ordered to pay child support of \$30 per week.

Judith Ann Valencia from Albert Rensua Valencia, both of Granite City. They were married May 27, 1967, and separated last February. Mental cruelty was charged. Custody of one child was obtained by the mother, and the father was ordered to pay child support of \$15 per week.

Roland Pfingsten of Granite City from Wanda Paye Pfingsten of Collinsville. They were married Nov. 22, 1969, in Granite City, and separated last January. Mental cruelty was charged.

Wallace Convicted of Shooting, Stabbing Man

Harry Wallace, 43, of Granite City, was found guilty by a jury on a charge of aggravated battery last week in Madison county circuit court at Edwardsville.

He was convicted of shooting Ralph Jones, 21, of Granite City, in both legs with a pistol and slashing him across the stomach with a pocket knife in an altercation last Oct. 26 at the Home of the Blues tavern, 1539 Twentieth street.

The jury returned its decision in less than two hours. Five cases tried before a jury this year, the state's attorney's office won four convictions, including a murder case. The fifth, a burglary charge, was acquitted.

Also convicted last week was David Ely, 17, of Granite City, who pleaded guilty to aggravated battery in the stabbing of Alan M. Giffin of Granite City last December. A probation hearing was set for 9 a.m. Friday.

Skid Demonstration at Venice HS Wednesday

A specially-equipped automobile will be used to demonstrate a driver's reaction time and the distance it takes to stop a vehicle at various speeds during an auto skid demonstration, to be presented at Venice high school at 8 a.m. Wednesday.

Eldon Gourley, public relations representative for Country Companies Insurance Co., will conduct the demonstration, following a detailed discussion on driving safety.

Members of the Venice student body and faculty will participate, according to George H. Wiemers, driver education instructor at the Venice school. The safety program is arranged by the insurance firm to show what safety precautions are necessary under actual driving conditions.

Mrs. Josie Cottrell Voted KIAH President

Mrs. Josie Cottrell, 4207 Kirkpatrick Homes, was elected president of the Kirkpatrick Homes Improvement Association at a special election meeting held Thursday evening in the housing project's recreation center.

Mrs. Cottrell replaces Mrs. Lucille Kramer, who has been hospitalized on several occasions during her tenure as president. She also has served as a youth program director for an association-sponsored project involving teenage young people.

Other officers named include Mrs. Nina Oliver, vice-president; Mrs. Dorothy Thomas, secretary; and Mrs. Bourbon Drake, treasurer.

Plans were discussed for a bake sale and a date was tentatively set for later this month. All residents of the Kirkpatrick Homes area are invited to take part in a monthly pot-luck dinner at 1 p.m. Friday at the recreation hall. No business is conducted at the once-a-month midday session, Mrs. Thomas said.

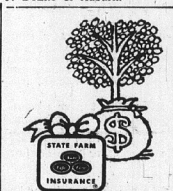

Others attending were Mrs. Kramer, Mrs. Alfrida Beasley, Mrs. Bonita Womack, Mrs. Ann Parrill and Mrs. Getta Cochran.

They like the results. Clean fields during the season and at harvest. Controls both broadleaf weeds and grasses. Simple to use. Liquid mixes easily with water in the spray tank, just stir and apply. Granular is convenient, easy to handle. A few reasons why, nationally, Amiben is today's No. 1 soybean herbicide.

CAMPING TOPIC OF GIRL SCOUT TROOP 29

Camping experiences and skills were discussed at a meeting of Webster PTA's Junior Girl Scout Troop 29 with the leaders, Mrs. Jackie Watkins and Miss Vicki Yetter, at the school Thursday.

President Vickie Moody presided and the Sweethearts patrol, led by Sharon Chrusciel, conducted a flag ceremony.

Mrs. Watkins announced that due to conditions at Camp Chan-Ya-Ta a weekend trip was postponed.

Plans were made for a ten-mile hike to Cahokia Mounds Park. The troop will assemble at the Watkins home, and each scout is to bring a sack lunch.

Miss Yetter introduced three Senior Girl Scouts of Troop 117, Linda Oram, Pat Ahlers and Nancy Hodge, who spoke on their camping experiences at Chan-Ya-Ta and at Farmington, and gave a demonstration on preparing a bedroll. A discussion was held on troop etiquette.

Top five cookies saluted were Becky Denny, Michelle Thompson, Sharon Chrusciel, Sherree Buckingham and Laura Ahrast, their prizes were awarded later. The Sweethearts led the closing with a friendship circle and "Taps."

Others present were Kathy Adams, Pamela Allen, Sherry Cram, Karen Crowell, Alta Ellis, Donna Howard, Nancy Lindell, Priscilla Long, Vicki Moody, Mandie Walker and Gail Watkins.

SECOND BIRTHDAY

Kimberlee Johnson, daughter of Sgt. and Mrs. John Johnson, 2606 Kirkpatrick Homes, celebrated her second birthday with her maternal grandmother, Mrs. Ronald (Pat) Eaton, 2409 East 25th street, Thursday morning.

The honored guest received many gifts and a cake decorated in pink and white, using the birthday theme. Also present were aunts and uncles, Mike, Ruth and Debbie Bird and Ronnie Eaton Jr.

In the afternoon, Kimberlee went to St. Louis to visit her great-grandmother, Mrs. Ruth Dick, for another party and gifts. The festivities ended that evening with still another celebration in the home of the paternal grandparents, Mr. and Mrs. Ed Leonard, 2529 Lincoln avenue. Other guests were the honoree's mother, Pam, and an aunt and uncle, Gary and Ann Leonard.

Sgt. Johnson called his daughter from Fort Leonard Wood, Mo., where he is stationed with the Army.

Ronald Eaton, 2409 East 25th street, is a patient at St. Elizabeth Hospital, Room 240-2, where he was admitted Wednesday for x-rays, tests and possible major surgery this week. Visitors are permitted.
